

AFFINITY

PAINTING COMPANY INC

"We paint colors to enrich life"

We create an environment where your desires are fulfilled through colors. We work together with property owners just like you, architects, designers, asset managers, general contractors and even home owners to give you what you want. Or how we say it "We Paint Colors to Enrich Life"

Your enriched colors will motivate, inspire or create a mood. It sets the stage for a wonderful life or prosperous business and speaks to the owner's personality and vision. We are proud of our ability to help clients realize their vision through color and design. Whether cheerful, relaxed, refreshed or fun-filled — a commercial property, retail space, condominium or single-family home — Affinity Painting paints colors to life, so beautifully.

If it is your commercial property, retail space, condominium, single-family home, or executive estate, we tell your story and create your vision through enriched colors and design. We work closely together to create the visual experience you want to share.

What Will Enriched Colors Do For you?

Together we can help you decide on the colors and a palette to create a memorable experience, increase your value and tell the story of your properties.

Protect Your Property

Your unmaintained surfaces or extended exposure to the environment will cause paint to fail, lose its protective coating, and cause colors to fade. This can result in a loss of protection for you and severe damage to any substrate.

Update Your Property

Updating your property's color scheme modernizes the interior and exterior spaces, keeping pace with current designs to maintain a fresh look and feel.

Rebrand Your Property

Tell your story through enriched colors and created an environment that represents the experience you want your property to have.

Increase Your Property's Value

Whether preparing a property for sale or establishing a new valuation, refreshing the property will remarkably increase the property's value.
